

eStud Sprint IV

- **Ce ne-am propus sa implementam pentru acest sprint:**
 1. Logarea separata in functie de rolul user-ului
 2. Afisare informatii personale ale unui student
 3. Implementarea functiei de secretara(cu aceleasi atributii ca si administratorul, cu exceptia adaugarii de secretare)
 4. Functia de adaugare secretara a administratorului
 5. Stergerea in baza de date recursiva(odata cu stergerea unei serii sa se stearga si grupele si odata cu stergerea unui student sa fie sterse si notele)
 6. Stergerea din tabela user a unei intrari specific unui student odata cu stergerea sa din tabela student
 7. Butonul de back si alte imbunatatiri ale calitatii proiectului
- **Ce am implementat:**
 1. Logarea separata in functie de rolul user-ului
 2. Afisare informatii personale ale unui student
 3. Implementarea functiei de secretara(cu aceleasi atributii ca si administratorul, cu exceptia adaugarii de secretare)
 4. Functia de adaugare secretara a administratorului
 5. Stergerea in baza de date recursiva(odata cu stergerea unei serii sa se stearga si grupele si odata cu stergerea unui student sa fie sterse si notele)
 6. Stergerea din tabela user a unei intrari specific unui student odata cu stergerea sa din tabela student
 7. Butonul de back si alte imbunatatiri ale calitatii proiectului

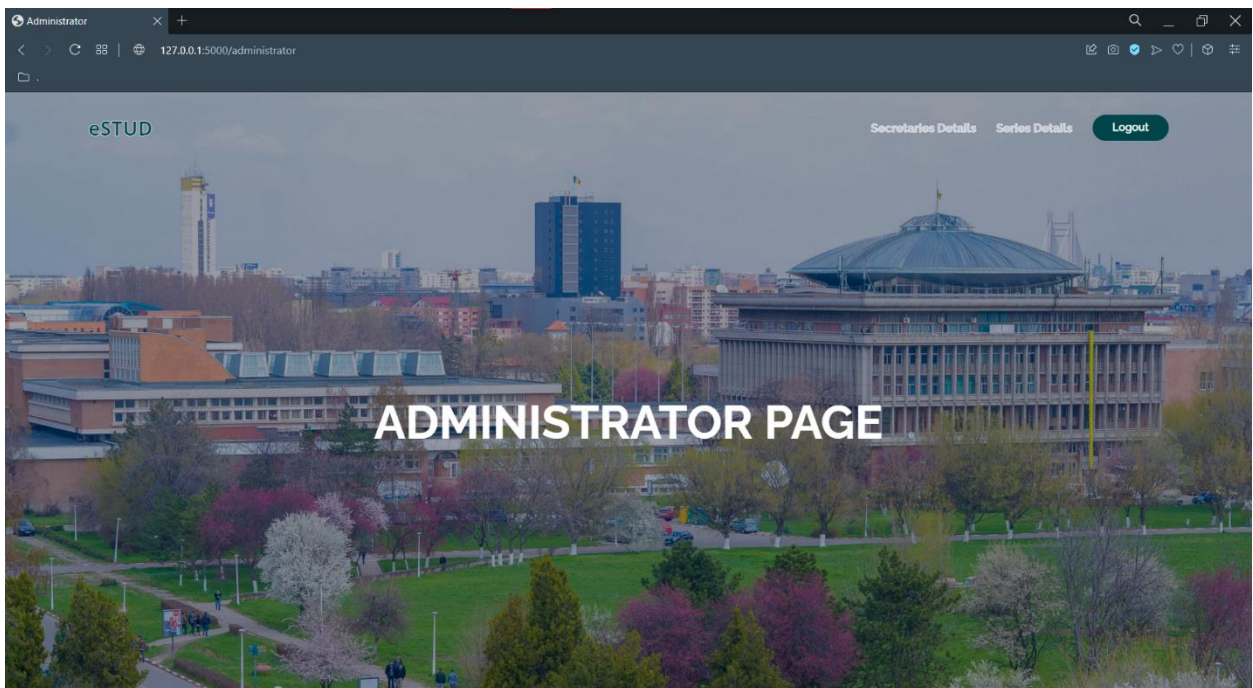

1. Pagina principala

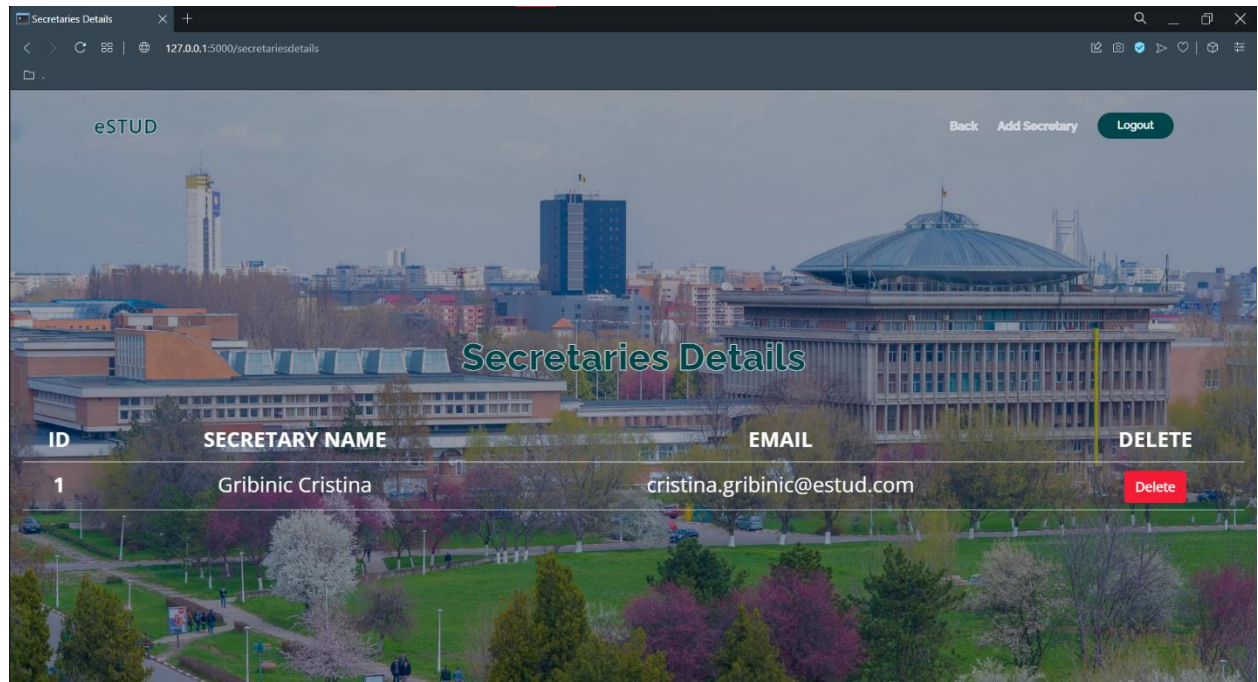

2. Pagina de logare

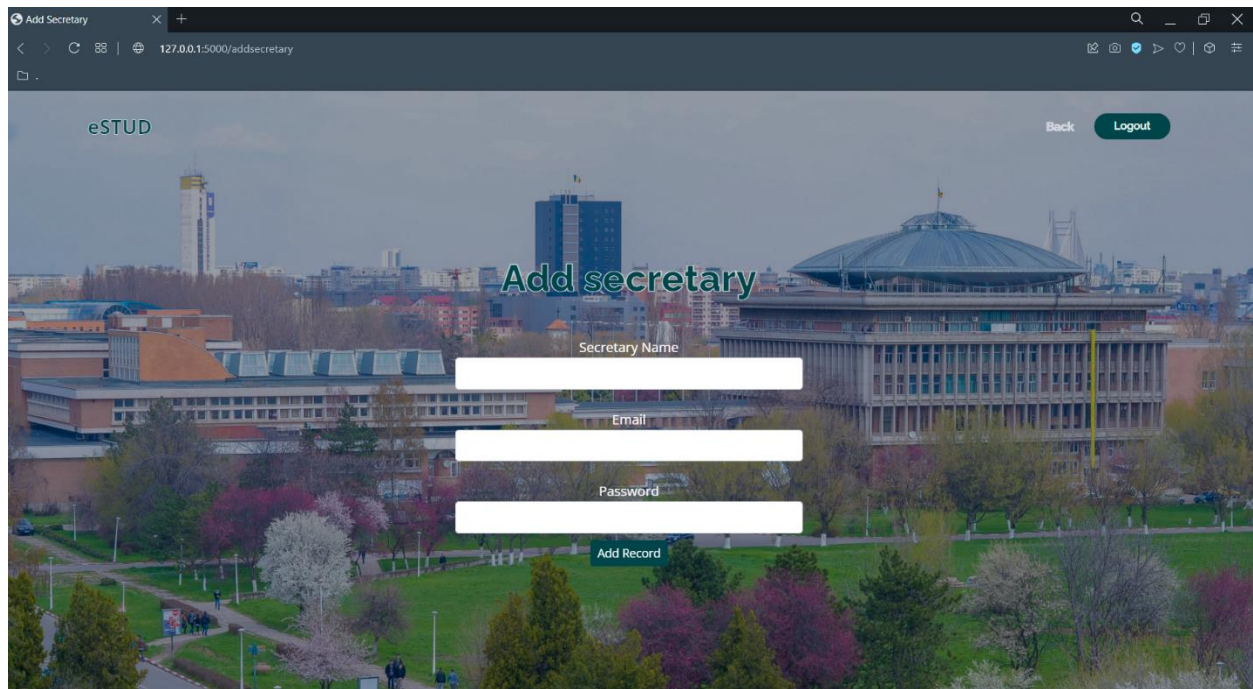

3. Pagina administrator

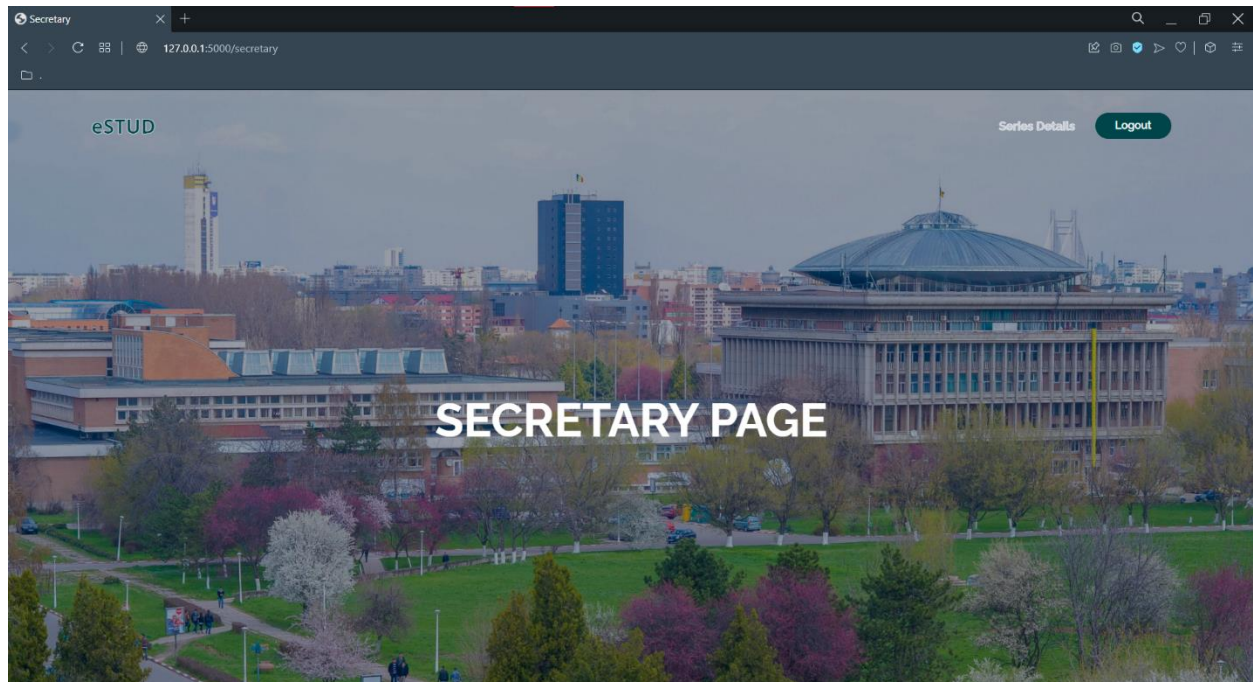

4. Functiile exclusive ale unui administrator

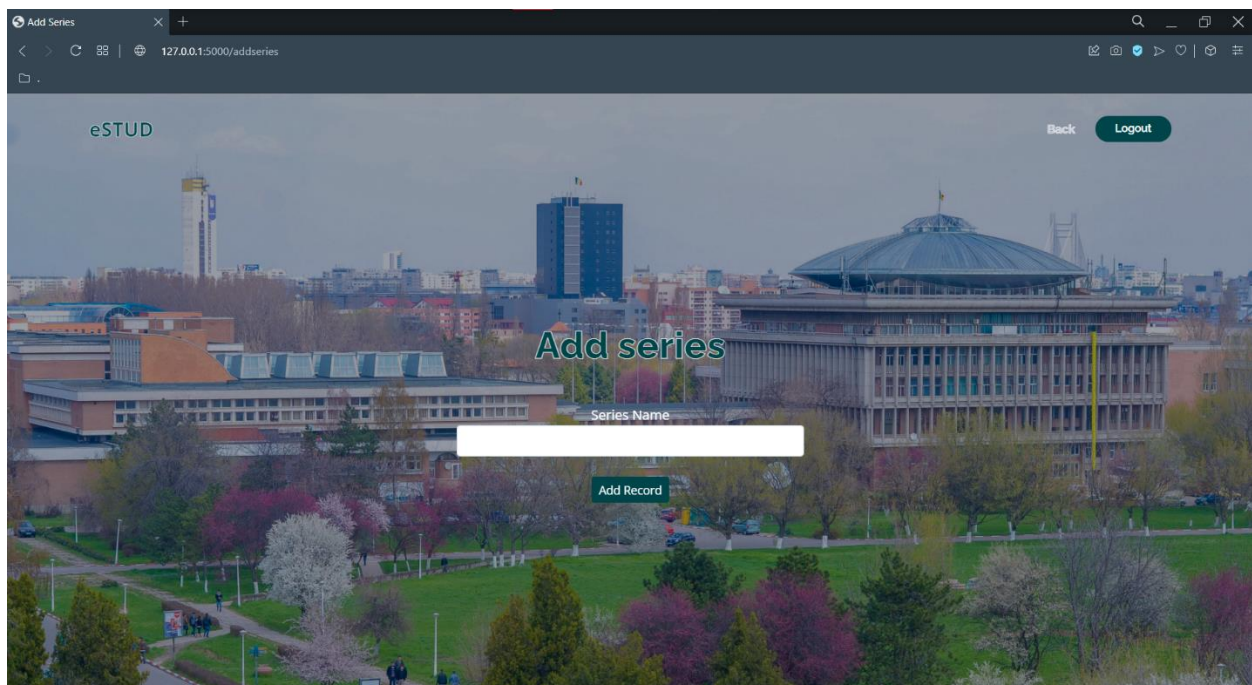

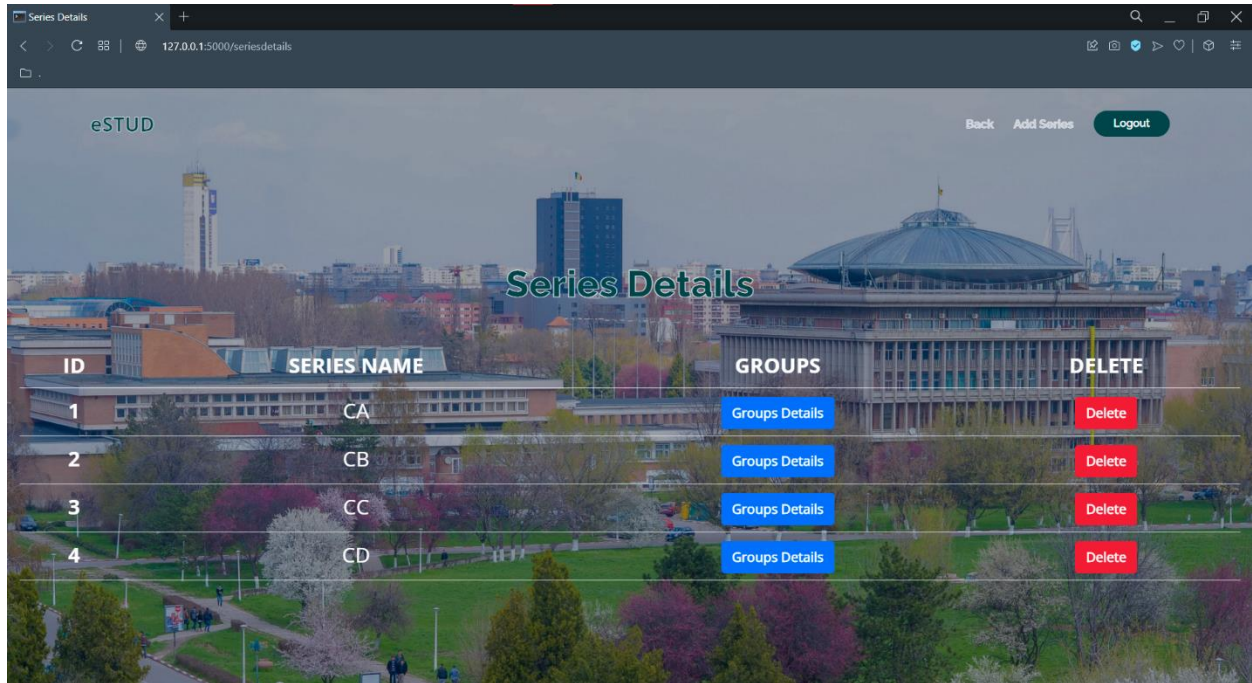

5. Pagina secretara

6. Functiile comune ale administratorului si ale secretarei
